Monday's version early!!

1. . . . that a D&F is required to be executed before each option is exercised on T&M and LH contracts? See FAR 16.601(d)(1)(i) and FAR 16.602.
2. . . . that it is appropriate to address all the General Standards of responsibility that are listed in FAR 9.104-1? And, that documents and reports supporting a determination of responsibility or non-responsibility must be included in the contract file? See FAR 9.104-1 and FAR 9.105-2(b).
3. . . . that, for competitive actions over the SAT, a written notification to unsuccessful offerors is required within three days after contract award? See FAR 15.503(b).
4. . . . that for using "brand name or equal," the solicitation must specify the salient physical, functional, or performance characteristics that make an item "equal" to the brand name one? See FAR 11.104(b). And, that in Germany, if these characteristics are addressed by a DIN, the solicitation should clearly state it?

I really appreciate all of the input, comments and additional "Did You Know's" from everyone! Please keep them coming.
