1. . . . that performance and payment bonds are required for any construction contract exceeding \$150,000? However, this requirement may be waived by the KO for work that is performed in a foreign country by finding it is impracticable for the contractor to furnish such bonds. See FAR 28.102-1(a).
  
2. . . . that the Chief of the Contracting Office (TCC Director/RCO Chief) must approve, in writing, the use of any warranty clause except in acquisitions for commercial items and in a few other situations? See DFARS 246.704. This approval shall only be given when the benefits of the warranty are expected to outweigh the cost.
  
3. . . . that Germany has a unique Warranty of Construction clause at DFARS 252.246-7002? See DFARS 246.710.
  
4. . . . that this is Joy's last "Did you know . . ." and that Ms Zenaida Delgado will be taking these over?
