409th CSB Commander Overhauls Supply Process with Lean Six Sigma

*Story by Rachel Clark, 409th
Contracting Support Brigade*

Panzer Kaserne, Kaiserslautern, Germany - Col. Debra Daniels, the commander of the 409th Contracting Support Brigade, signs the property book hand receipts of the 409th CSB. The property books were presented for signature with 100% accountability and were the results of two Lean Six Sigma projects initiated to overhaul the supply process within the 409th CSB. Army managers, along with proven LSS techniques, now have the skills to find, fix, and finalize efficiencies to save time and money and improve our nation's ready forces at best value.
